MEDAL (what has been good? What has gone well? What have you enjoyed?)

I think the amount of paperwork is effective and gives perspective of real life projects.

I have enjoyed contacting people for production and organising

In relation to teaching, delivery of sessions, course content

MEDAL (what has been good? What has gone well? What have you enjoyed?)

I enjoyed the best 3 making new friends
The feedback is helpful & honest.

MISSION (What could be changed to improve teaching, delivery, course content?)

Groups are quite small and leaves some people at a disadvantage if the idea is sub-par/skills don't match the idea.

MISSION (What could be changed to improve teaching, delivery, course content?)

The deadline is too soon. I wish we were given a little bit more time.

Teacher: Toby Mountain

In relation to teaching, delivery of sessions, course content

MEDAL (what has been good? What has gone well? What have you enjoyed?)

- Meeting new people in different courses
- I enjoyed the teaching of the module
- It was not stressful, which helps us to bone with ~~the~~ our main course

MISSION (What could be changed to improve teaching, delivery, course content?)

- Maybe more freedom of film choice instead of just documentaries & short films.

In relation to teaching, delivery of sessions, course content

MEDAL (what has been good? What has gone well? What have you enjoyed?)

I enjoyed learning new terminology
Great teaching and ideas.

MISSION (What could be changed to improve teaching, delivery, course content?)

Should have a crash course on how the software works on the uni computer.

In relation to teaching, delivery of sessions, course content

MEDAL (what has been good? What has gone well? What have you enjoyed?)

I have really enjoyed the support given by the module tutor and other members. There is a lot of communication with everyone.

I have enjoyed the freedom we get in creating our short film idea

MISSION (What could be changed to improve teaching, delivery, course content?)

More clarity in members that are available to be in groups, as it can disrupt the progress in production.

A302MC Professional Film Production
Teacher: Toby Mountain

In relation to teaching, delivery of sessions, course content

MEDAL (what has been good? What has gone well? What have you enjoyed?)

Meeting people with different skills and learning from them.

Pressure-free environment.

MISSION (What could be changed to improve teaching, delivery, course content?)

Wish we could delve into different genres of film, rather than just Documentary or Short Fiction films.

A302MC Professional Film Production
Teacher: Toby Mountain

In relation to teaching, delivery of sessions, course content

MEDAL (what has been good? What has gone well? What have you enjoyed?)

Generally the course has been great here! There's been a nice amount of freedom to steer ourselves, it's been a fun challenge.

MISSION (What could be changed to improve teaching, delivery, course content?)

This has been a really busy term so I'm already biased from being busy, but more time would be ideal.

In relation to teaching, delivery of sessions, course content

MEDAL (what has been good? What has gone well? What have you enjoyed?)

Challenging
It helped me to develop skills.
Film producing.

MISSION (What could be changed to improve teaching, delivery, course content?)

More on editing?

More Time.

Less paper work, my course has a lot to do so being to do this as well is hard.

Teacher: Toby Mountain

In relation to teaching, delivery of sessions, course content

MEDAL (what has been good? What has gone well? What have you enjoyed?)

* x Mixing with other students has been helpful to gain more connections in different fields and how each can contribute to the group.

x

MISSION (What could be changed to improve teaching, delivery, course content?)

x I think a few workshops on how to film or edit can help those who haven't had much film experience.

x

MEDAL (what has been good? What has gone well? What have you enjoyed?)

You're all pretty fun and decent, there isn't too much pressure but still super fun and I really enjoy coming here and I can't wait to see the final piece. Also you're good at including us with the facebook page and all. I've made new friends!

MISSION (What could be changed to improve teaching, delivery, course content?)

I like having the time to ourselves and all but I think actually staying to 6 and even coming at all is useful but no one comes. It always feels kinda empty in here.

A302MC Professional Film Production
Teacher: Toby Mountain

In relation to teaching, delivery of sessions, course content

MEDAL (what has been good? What has gone well? What have you enjoyed?)

- > Learned new things and more deeply especially about the paperwork that there is behind a film.
- > Practice even more my ~~camera~~ filming skills.
- > Meet different people with different lighting and techniques on the filming part.

MISSION (What could be changed to improve teaching, delivery, course content?)

Some more individuals work during the course especially on the first weeks so we could see in what level is all our classmates but also to see different aesthetics from each student. And due to that we could find easier team as we have seen what is closer to our level and our lighting.

A302MC Professional Film Production
Teacher: Toby Mountain

In relation to teaching, delivery of sessions, course content

MEDAL (what has been good? What has gone well? What have you enjoyed?)

- ' Taught Elements were clear and educational
- ' lots of support from the lecturers

MISSION (What could be changed to improve teaching, delivery, course content?)

Force more structured groups into students (members of group NEED to have specific roles, people need to commit to specific roles.

A302MC Professional Film Production
Teacher: Toby Mountain

In relation to teaching, delivery of sessions, course content

MEDAL (what has been good? What has gone well? What have you enjoyed?)

- Personal feedback with each group
- Drawing on case studies (films etc)
- for inspiration
- Engaged the interaction ~~and~~ the students and tutorials provide with other students and tutors!
- Highlighting improvements extremely effectively.

MISSION (What could be changed to improve teaching, delivery, course content?)

- Maybe during the first few weeks encourage students to draft scripts / storyboards (even final piece related) for practice?
- Possibly a longer final piece?

A302MC Professional Film Production
Teacher: Toby Mountain

In relation to teaching, delivery of sessions, course content

MEDAL (what has been good? What has gone well? What have you enjoyed?)

- Liked the idea of having ~~discussions~~ ^{discussions} ~~at the end of each lesson~~ ^{at the end of each lesson}
- the information provided helped us with ~~the~~ the prod. process
- very good delivery of information :)

MISSION (What could be changed to improve teaching, delivery, course content?)

- have more time (weeks) to ~~get the~~ get the script done

A302MC Professional Film Production
Teacher: Toby Mountain

In relation to teaching, delivery of sessions, course content

MEDAL (what has been good? What has gone well? What have you enjoyed?)

I like ~~the~~ the module's layout. Although it sent me into a semi-panic attack, I like the fact that we regularly had to give updates about our progress. I feel like that's made us actually do more. Good way of keeping us on track!

MISSION (What could be changed to improve teaching, delivery, course content?)

1. I think there should be some exercises and workshops as part of this module. In my view, this would help with bringing more confidence to everyone (at least especially the non-media students). I would also act as good team buildings and probably would motivate teams to start working on their ideas sooner.
